

BENSON ASSURED SUBSTANTIAL GROWTH

(Continued From Page Three.)

cial embarrassment, disturbing the company, but that this has been permanently removed. On hand at the smelter is ore sufficient for a several weeks run. That enough for a year could be assembled speedily is not doubted here, nor is it doubted that the company has contracts for ore ahead covering a goodly period. When they started building the smelter they said it would be ready to operate when the new railroad got in from down the Gila. It now looks very much as if exactly what is meant. There is a lot of ore down that line of railroad that will find Benson the nearest smelter point. As for the Benson smelter, it represents an excellent mechanical job. It is all that could be asked for an 150-ton plant, which may be crowded to 200 tons.

Close of the excursion ticket season has had a marked effect on travel here, say the depot folk. Passenger traffic has fallen off decidedly. Freight is on the increase, fall and winter stocks of merchandise being on the move. E. P. & S. W. people report their track crowded with freight, while the S. P. is likewise busy. A great deal of timber is moving.

Yesterday the Southwestern conductors, brakemen and switchmen commenced drawing their pay at the increased wages recently fixed. All the other employees on the road are to get wages, though just how much has not yet been definitely fixed. One noteworthy feature in connection with the advance is contained in the fact that in Bisbee yard the men working there are put on a higher scale than that demanded by the yardmen who struck without notice several months ago.

Talking about the raises yesterday, Conductor Latta said that it removed all opportunity for strife between men on the Southwestern System and the management, and that the men generally were delighted with the situation, feeling that it gave security to both themselves and their employers.

In the San Pedro valley the farmers and the cattlemen are more jubilant over the prospects than in any previous year the oldest inhabitant has kept tab on. Cattle are looking fine, while pasture has luxuriant appearance. Along with abundance of feed is plenty of water. On top of it all the cattlemen have reason to expect continuance of excellent prices for their goods.

The farmers have had the best year in a long time. The seasons have been good for maturing abundant crops, while floods have abstained from doing other than very small damage. Just now there is a great deal of fine hay being stacked all the way down the valley.

APPEARING OLD

As a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair. The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair and it causes fatal baldness. Newb's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as a Dandruff cure. Accept no substitute—there is none. Sold by leading druggists. Send five stamps for sample to The Herpicide Co., Detroit, Mich.

THE BEST DOCTOR.

Rev. B. C. Horton, Suphur Springs, Tex., writes, July 19th, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years."

HOW TO CURE CORNS AND BUNIONS.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all dealers in patent medicines.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham:—

"During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it."

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

Severe Hail Storm—Arrivals from Tombstone yesterday report a heavy hail storm which occurred at Lewis Springs on Sunday night. Considerable damage was done to the vegetable gardens in that vicinity, and hail stones one inch in diameter fell during the storm, killing chickens and beating down all vegetables.

SHERIFF'S SALE.

By virtue of an execution issued out of the District Court of the Second Judicial District of the Territory of Arizona, in and for the County of Cochise, wherein Bisbee Lumber Company, a corporation, was plaintiff, and Don Luis Mining and Improvement Co., a corporation, was defendant, upon a judgment rendered the 4th day of January, 1905, for the sum of one thousand seven hundred and fifty-seven and 81-100 dollars, besides costs and interest, I have this day levied upon all the right, title and interest of said defendant, Don Luis Mining and Improvement Co., a corporation, of, in and to the following named mining claims, situated in the Warren Mining District, in the County of Cochise, Territory of Arizona, the location notices of which are on record in the Mining Records of said Cochise County, in the book and at the page set opposite the name of each:

Detroit No. 1 Mining Claim, recorded in Book 24, at page 100;
Detroit No. 2 Mining Claim, recorded in Book 24, at page 101;
Detroit No. 3 Mining Claim, recorded in Book 24, at page 102;
Detroit No. 4 Mining Claim, recorded in Book 24, at page 103;
Edwardine Mining Claim, recorded in Book 22, at page 359;
Annie Lea Mining Claim, recorded in Book 22, at page 358;
Southern Star Mining Claim, recorded in Book 22, at page 194;
Magnolia Mining Claim, recorded in Book 29, at page 47;
Sylvia No. 2 Mining Claim, recorded in Book 29, at page 52.

Public notice is hereby given that I will, on Monday, the 16th day of October, 1905, at 2 o'clock p. m. of said day, in front of the Court House door of the County of Cochise, sell at public auction, all the right title and interest of said defendant, Don Luis Mining and Improvement Co., a corporation, of, in and to the above described Mining Claims, or so much thereof as may be necessary to raise sufficient money to satisfy said judgment, with interest and costs, to the highest and best bidder for cash.

Dated, September 20th, 1905.
